Need Information?

The Student Government Association is on a lot of mailing lists. It receives information about how to deal with landlord problems, where and when a wide variety of cultural events are occurring., etc. The bulk of information is too vast to permit posting it all on the bulletin boards, so the SGA hopes you will come to its office to browse through it. The SGA office, 306 Fullerton Building, is open Mondays and Tuesdays 10-3, Wednesdays 9-1, Thursdays 10-4, and Fridays 9-1 .

Who's Doing What?

Thanks to the persistent efforts of Jim Chiavelli and George Greenamyer we have just secured a donation of 10 tons of sand for use by the sculpture Department. In the past year, contacts with numerous public and private sources have been cultivated by Jim Chiavelli to obtain lists of many items of material and equipment for the college. These have benefited such areas as Jewelry, SIM, Ceramics, Video, Fashion, A V and Design.
